

**SOUTH-WEST MIDDLESEX CREMATORIUM
BOARD**

Open Day

Saturday 8th June, 2019

Starts 10.30 a.m.

We are inviting the general public to come along to meet the crematorium staff and to find out how the Crematorium operates. We want to dispel the myths and provide an opportunity to learn about the cremation process. (No cremations are carried out on the day). Our guided tours will explain how we address environmental and horticultural issues relating both to the cremation process and the gardens of remembrance. The tours will be conducted separately and start from The Pavillion building
